Security and protection.

Zero Liability

Protection against unauthorized use of your card — in person or online — is absolutely essential. Zero Liability protects you from fraudulent charges, provided you have taken reasonable precautions to protect your PIN and your card, as set out in your RBC Royal Bank Credit Card Agreement.

Chip & PIN for the highest level of security

Your RBC Royal Bank Visa credit card features state-of-the-art Chip & PIN technology, thanks to the chip embedded in the card, meaning it is almost impossible to copy the card. The added protection through the use of a PIN also adds peace of mind if your card is ever lost or stolen. When you make a transaction at a chip-enabled terminal, you're in control. Simply insert your card into the terminal and leave it there, follow the prompts and enter your PIN instead of signing the receipt.

For more information about your PIN, please refer to the letter you received with your new RBC Royal Bank Visa card.

It all adds up to increased protection for you.
