

Interac e-Transfer[‡] for Business

Enhanced features to help your business manage payments faster.

Introducing *Interac e-Transfer for Business*, offering new functionality to eligible RBC Express[®] and *Interac e-Transfer Bulk Payables* clients.

Now you can:

- Send up to \$25,000 per payment transaction
- Route payments with greater flexibility using a bank account number in addition to an email address or mobile number
- Include additional information with each payment (similar to an invoice) for easier reconciliation, greater context and less manual investigation
- Take advantage of payment transparency and tracking, allowing your business to know exactly where your payments are and when your clients receive them

Want to track and match invoices digitally?

Interac e-Transfer for Business with rich payment information provides enhanced visibility for easier tracking and reconciliation.

Want to make payments any time of day?

With this convenient, easy-to-use digital solution, your business can save time and make immediate payments any time of day, allowing for near real-time processing within seconds.

Spending too much time making multiple payments?

Interac e-Transfer Bulk Payables allows you to make multiple payments in one file, while providing details for each payment.

Want to move away from cheques and gain more control over your payments?

Quicker and easier than cheques, *Interac e-Transfer* is fast becoming a preferred method for businesses to get paid on time, every time. A faster funds transfer enables businesses to compress their payment cycles, improving productivity and cash management.

Send payments in the way that works best for your business:

Interac e-Transfer for Business is available through the Online and Bulk Payables services.
