LET'S TALK INSURANCE!

Name of distributor: Royal Bank of Canada

Name of insurer: The Canada Life Assurance Company

Name of insurance product: LoanProtector

IT'S YOUR CHOICE

You are never required to purchase insurance:

- that is offered by your distributor;
- from a person who is assigned to you; or
- to obtain a better interest rate or any other benefit.

Even if you are required to be insured, **you do not have to** purchase the insurance that is being offered. **You can choose** your insurance product and your insurer.

HOW TO CHOOSE

To choose the insurance product that's right for you, we recommend that you read the summary that describes the insurance product and that must be provided to you.

DISTRIBUTOR REMUNERATION

A portion of the amount you pay for the insurance will be paid to the distributor as remuneration. The distributor **must** tell you when the remuneration exceeds 30% of that amount.

RIGHT TO CANCEL

The Act allows you to rescind an insurance contract, **at no cost**, within 10 days after the purchase of your insurance. However, the insurer may grant you a longer period of time. After that time, fees may apply if you cancel the insurance. **Ask** your distributor about the period of time granted to cancel it **at no cost**.

If the cost of the insurance is added to the financing amount and you cancel the insurance, your monthly financing payments might not change. Instead, the refund could be used **to shorten the financing period**. **Ask your distributor for details**.

How your premium payment is calculated

Personal Loan: Your monthly premium payment will be calculated by using the rate shown in the table below based on the age at the time of your application and your loan balance on the date the payment is due. The calculation will be made by multiplying the premium rate by the loan balance and then dividing it by 1,000. The resulting amount will be divided by 365, multiplied by 31 and then multiplied again by 12. Provincial taxes are added where applicable.

Royal Credit Line: Your monthly premium payment will be calculated as the cost per \$1,000 of outstanding balance. To calculate your premium, your outstanding balance will be divided by 1,000 and multiplied by the rate in the table below based on your age at the time your payment is due. Because your premium payment is calculated based on your outstanding balance, if you maintain a zero balance in your account, then you will not pay any insurance premiums. Provincial taxes are added where applicable.

Monthly premium rate per \$1,000 of the outstanding balance	Age	Under 31	31-35	36-40	41-45	46-50	51-55	56-60	61-65	66-69
	Single		\$0.12	\$0.19	\$0.29	\$0.41	\$0.54	\$0.68	\$0.81	\$1.01

The cost of joint coverage is calculated by multiplying the cost of single coverage for the oldest insured borrower by 1.7.

Critical Illness Insurance

You are covered if you are diagnosed with a critical illness before the age of 70 and meet all the terms of the certificate of insurance. For details on terms and conditions, please refer to the section on Critical Illness Insurance in the [sample certificate of insurance](#).

Canada Life will pay RBC Royal Bank the outstanding balance(s) of your insured personal loan(s) and qualifying balance(s) on your insured Royal Credit Line account(s) owing at the date of diagnosis, up to a maximum amount of \$300,000 for all your insured RBC Royal Bank loan and Royal Credit Line accounts combined. For more information on how “qualifying balance” is defined and on partial coverage, please refer to the [sample certificate of insurance](#).

There are some cases where no benefit is paid. Read on to learn more.

No critical illness benefit will be paid if you are diagnosed with a critical illness because of:

- The use of illegal or illicit drugs or substances
- The misuse of medication obtained with or without a prescription

No critical illness benefit will be paid if:

- Within 90 days of the date your coverage starts, you are diagnosed with a life threatening cancer as defined in the certificate of insurance or you have signs, symptoms or investigations that lead to such a cancer diagnosis, regardless of when the diagnosis is made
- You have a pre-existing condition and:
 - ✓ You are diagnosed with a critical illness within 24 months after you applied for Critical Illness Insurance
 - ✓ Your critical illness is a result of or related to your pre-existing condition

Other limitations and exclusions may apply. Refer to the [sample certificate of insurance](#) for complete information.

How your premium payment is calculated

Personal Loan: Your monthly premium payment will be calculated by using the rate shown in the table below based on your age at the time of your application and your loan balance on the date the payment is due. The calculation will be made by multiplying the premium rate by the loan balance and then dividing it by 1,000. The resulting amount will be divided by 365, multiplied by 31 and then multiplied again by 12. Provincial taxes are added where applicable.

Royal Credit Line: Your monthly premium payment will be calculated as the cost per \$1,000 of outstanding balance. To calculate your premium, your outstanding balance will be divided by 1,000 and multiplied by the rate in the table below based on your age at the time your payment is due. Because your premium payment is calculated based on your outstanding balance, if you maintain a zero balance in your account, then you will not pay any insurance premiums. Provincial taxes are added where applicable.

Monthly premium rate per \$1,000 of the outstanding balance	Age	Under 31	31-35	36-40	41-45	46-50	51-55	56-60*	61-65*	66-69*
	Single	\$0.25	\$0.35	\$0.45	\$0.77	\$1.17	\$1.65	\$2.22	\$3.17	\$4.40
	Joint	\$0.43	\$0.60	\$0.77	\$1.31	\$1.99	\$2.81	\$3.77	\$5.39	\$7.48

*Applicable only to clients with existing LoanProtector coverage

The cost of joint coverage is calculated using the joint rate and the age of the older person.

Disability Insurance

You are covered if you become disabled before the age of 70 and meet all the terms of the certificate of insurance. For details on terms and conditions, please refer to the section on Disability Insurance in the [sample certificate of insurance](#).

Canada Life will pay RBC Royal Bank the following amounts:

- **For Personal Loan(s):** An amount up to the regular loan payment of the principal, interest and insurance premium
 - **For Royal Credit Line:** An amount up to 3% of the qualifying balance of your Royal Credit Line account each month
- Canada Life will not pay more than \$3,000 per month for all your insured RBC Royal Bank loan and Royal Credit Line account(s) combined, to a maximum of 24 months. This amount includes insurance premiums.

60 day waiting period: If you become disabled, you will have to wait 60 days from your date of disability before benefits will be payable. This means you are responsible for any loan payment due during this 60 day period. For more information on how “qualifying balance” is defined, please refer to the [sample certificate of insurance](#).

There are some cases where no benefit is paid. Read on to learn more.

No disability benefit will be paid if your disability results, directly or indirectly, from:

- Your intentional self-inflicted injury
- Your pregnancy, other than physical complications of pregnancy
- Your alcoholism or drug addiction, unless you maintain participation in a rehabilitation program approved by Canada Life and your participation started during the waiting period and continued throughout the benefit period

No benefit will be paid if you have a pre-existing condition and:

- You become disabled within 12 months after applying for Disability Insurance
- Your disability is a result of or related to your pre-existing condition

Other limitations and exclusions may apply. Refer to the [sample certificate of insurance](#) for complete information.

How your premium payment is calculated

Personal Loan: Your monthly premium payment will be calculated by using the rate shown in the table below based on your age at the time of your application and your regular payment amount. If you increase your loan payment, your disability premium will increase. Your disability insurance premium will be calculated by dividing your monthly loan payment by 100 and multiplying it by the rate shown in the table below. The resulting amount is divided by 365 and then multiplied by the number of days in your payment frequency. Provincial taxes are added where applicable.

Royal Credit Line: Your monthly premium payment will be based on 3% of your daily balance for each month and your age at the time the payment is due. Your daily balance will be multiplied by 3%. The resulting amount will be divided by 100 and multiplied by the rate shown in the table below. The premium will be divided by 365 and multiplied by the number of days in your payment frequency. Provincial taxes will be added where applicable.

Monthly premium rate per \$100 for loans and per estimated disability benefit for Royal Credit Line account	Age	Under 31	31-35	36-40	41-45	46-50	51-55	56-60	61-65	66-69
Single		\$1.41	\$1.79	\$2.24	\$2.84	\$3.47	\$4.34	\$5.48	\$6.38	\$6.83

The cost of joint coverage will be calculated by multiplying the cost of single coverage for the oldest insured borrower by two.
